

# THE BAND

The Sense is an American rock band based in New York City, playing modern original songs that expand upon their many influences from rock, folk, R&B and beyond.

## "Without out doubt, one of the best and exciting new original rock bands I have heard in a very long time"

-Frank Wood, NYC music promoter -

"Just when spin-free rock retreads dwindle hope, The Sense sparks your fire with fresh kindling. This band knows how to craft a tune with a rollicking original sound."

- Patrick Shields, Clear Window Productions -

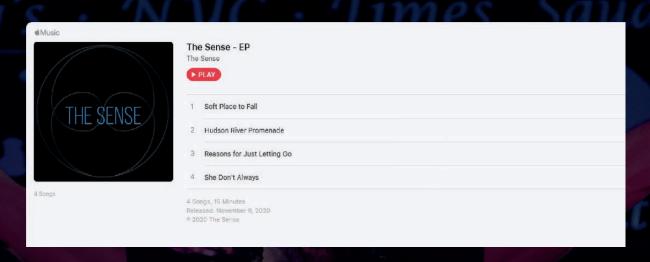

"Not only does THE SENSE have a repertoire of the sweetest, heartfelt, popping & catchiest original songs, they are one of the most gracious and sweetest souls ever to have played on my show, MNN's Marlene Villafane's R.U.A.Star Presents! What a blast it was to have them on my show!"

- Marlene Villafane, MNN Producer, Host of Marlene Villafane's R.U.A.Star Presents -
